

**Resolution 2015-05**

History: Public Act 51 of 1951 created the Michigan Transportation Fund (MTF). Revenues collected through highway user taxes—state motor fuels taxes, vehicle registration fees, and other miscellaneous automobile related taxes—are deposited in MTF. The resolution advises MDOT who the City of Albion has designated as the Street Administrator. The past practice has been to designate the Director of Public Services as the designated Street Administrator. It is recommended to designate James Lenardson, Director of Public Services, as the Street Administrator.

Council Member Barnes, supported by Council Member French, moved to approve the following resolution.

Resolved: Whereas, Section 13 (9) of Act 51, Public Acts of 1951 provided that each incorporated city and village to which funds are returned under the provisions of this section, that, "the responsibility for street improvements, maintenance, and traffic operations work, and the development, construction, or repair of off-street parking facilities and construction or repair of street lighting shall be coordinated by a single administrator to be designated by the governing body who shall be responsible for and shall represent the municipality in transactions with the State Transportation Department pursuant to this act."

I hereby certify that the above resolution was adopted on 2-2-15 in a regular session of the Albion City Council and this is a true copy of that resolution.
